

HEALTH AND SAFETY DATA SHEET

20

1 Identification of the substance/Preparation and company.

Product name: Cherry Dash Cleaner

Supplier: Eurochem (Northern) Ltd, White Rose Business Park, Larsen Road, Goole, East Yorkshire, DN14 6XF. Tel. 01405 720023

Product Description: Perfumed Silicone.

Composition/Information and ingredients:

| Hazardous Ingredients | Cas No | %w.w(range) | Nature of hazard |
|-----------------------|------------|-------------|---------------------|
| Heptane | 142-85-2 | 50-100 | Highly Flammable |
| n-Butane | 106-97-8) | 10-60 | Extremely flammable |
| iso Butane | 75-28-6 | | |
| Propane | 74-98-6 | 5-20 | Extremely flammable |

3 Hazard Identification: The product is classified as flammable.

4 First Aid Measure: Eyes: Rinse with water for about 10 mins, seek medical advice.

Skin: Wash with soap and water,

Ingestion: Do not induce vomiting, drink milk or water, seek medical advice.

Inhalation: Remove to fresh air, get medical attention.

5 Fire Fighting Measures: The product is flammable. Heating aerosols whether full or empty can cause a rise in pressure and a risk of bursting. Cans can be forcibly ejected from a fire. In case of fire cool cans with a water spray.

6 Accidental Release Measures:

This will not normally occur. In the case of leaking cans ensure good ventilation and remove ignition sources

7 Handling and storage: Store out of reach of children, store in a well ventilated area away from sources of ignition.

8 Exposure controls: Use only in accordance with directions, do not use in confined spaces or near flames, never puncture a can even when empty.

9 Physical and Chemicals Properties:

Appearance: Colourless liquid.

Odour: Solvent

P/H: N/A

Density: 0.604

Flash Point: N/A hermetically sealed container.

Solubility in water: Not miscible

10 Stability And Reactivity: Stable in normal conditions. Avoid temperatures in excess of 50c when aerosols are likely to explode due to increased internal pressure.

11 Toxicological Information:

In contact with eyes: May cause irritation

In contact with skin: May cause mild irritation

Ingestion: Unlikely due to the nature of the packaging, avoid aspiration into lungs.

Inhalation: Propellant could cause dizziness and nausea

12 Ecological Information: Whilst the product is not biodegradable, due to the packaging it is not expected to enter a water course.

13 Disposal Considerations: Dispose of according to local regulations

14 Transport Information: Flammable gas label. UN 1950

15 Regulatory Information: R10 Flammable. S2 Keep out of reach of children, use only in well ventilated Areas, Keep away from sources of ignition, Pressurised container, Protect from sunlight and do not expose to temperatures exceeding 50c, Do not pierce or burn even after use, Do not spray on naked flames or any incandescent material.

16 Other Information: The responsibility to ensure safe working conditions with in the work place remains with the user. The health and hazard and general information contained within this material safety data sheet are given as a guide to the precautions required to maintain a safe working environment.
