

## FIRST AID RISK ASSESSMENT

SEVERITY		LIKELIHOOD	
1	Minor injury, but no time off work	1	Infrequent, less than annually
2	Injury causing up to 3 days absence	2	Annually
3	Injury causing more than 3 days absence	3	2 or 3 times a year
4	Long-term absence	4	Monthly
5	Fatal	5	Weekly

<b>Location:</b>		Workshop Fitters	
<b>Scope of work being assessed:</b>		Workshop Fitters	
<b>Name of assessor:</b>		Paul Mansfield	
<b>Date:</b>		17-11-15	
<b>1.</b>	<b>Underlying Risk of Injury and Ill Health</b> - Using your knowledge of the general level of accidents and illnesses suffered by your staff doing this kind of work in this kind of environment, allocate a value to:		
	Likelihood of accident or illness at work		1
	Typical severity of accident or illness (not 'worst case')		2
	<i>Add both numbers together</i>		3
<b>2.</b>	<b>Specific Tasks</b> - Using your knowledge of the specific tasks to be undertaken, is the risk of injury or illness increased because of hazardous substances, dangerous tools, vehicles or machinery, or dangerous loads?		
	Likelihood of accident or illness at work		2
	Typical severity of accident or illness (not 'worst case')		2
	<i>Add both numbers together</i>		4
<b>3.</b>	<b>Numbers of People Involved (pick most typical figures)</b>		
	Lone Worker	5	<i>Insert number below</i>
	2 to 50	2	2
	51 or above	5	
<b>4.</b>	<b>Vulnerable People</b> - Are there inexperienced workers (more likely to have accidents) or people with special health problems (more likely to suffer illness)		
		Yes	5
		No	1
		<i>Insert number here</i>	1
<b>5.</b>	<b>Remoteness</b>		
5.1	How far away is the nearest hospital with A&E Department covering site working hours?		
		Within 3 miles	1
		3 to 50 miles	3
		Over 50 miles	5
		<i>Insert number here</i>	3
5.2	Is road vehicle access available nearby?		
	Pegasus road	Yes	1
	Elsham Industrial est	Usually	3
		No	5
		<i>Insert number here</i>	1
5.3	Is emergency telephone communication always available?		
	All company staff have telephones	Yes	1
		No	5
		<i>Insert number here</i>	1

Add the numbers together from the seven highlighted boxes. If the value is 20 or less then the risk level is Low, between 21 and 30 is Medium and if the value is 31 or higher the risk level is High	16
---	----

The Assessment of First Aid Provision is	<b>Low</b> <input checked="" type="checkbox"/> <b>Medium</b> <input type="checkbox"/> <b>High</b> <input type="checkbox"/>	Refer to the Work Instruction to identify the number of first aiders/ appointed persons required
